

Meet Ria.
She's preparing for
her class 10th Social
Science Exam using
the Guru app

Getting Started with Guru

1.
She *downloads*
the S.Sc. practice
paper from the
course store

2.
She navigates to
"Question 2" and
*Guru starts
explaining* right
away

3.
Ria taps the Mic icon to *interrupt* Guru

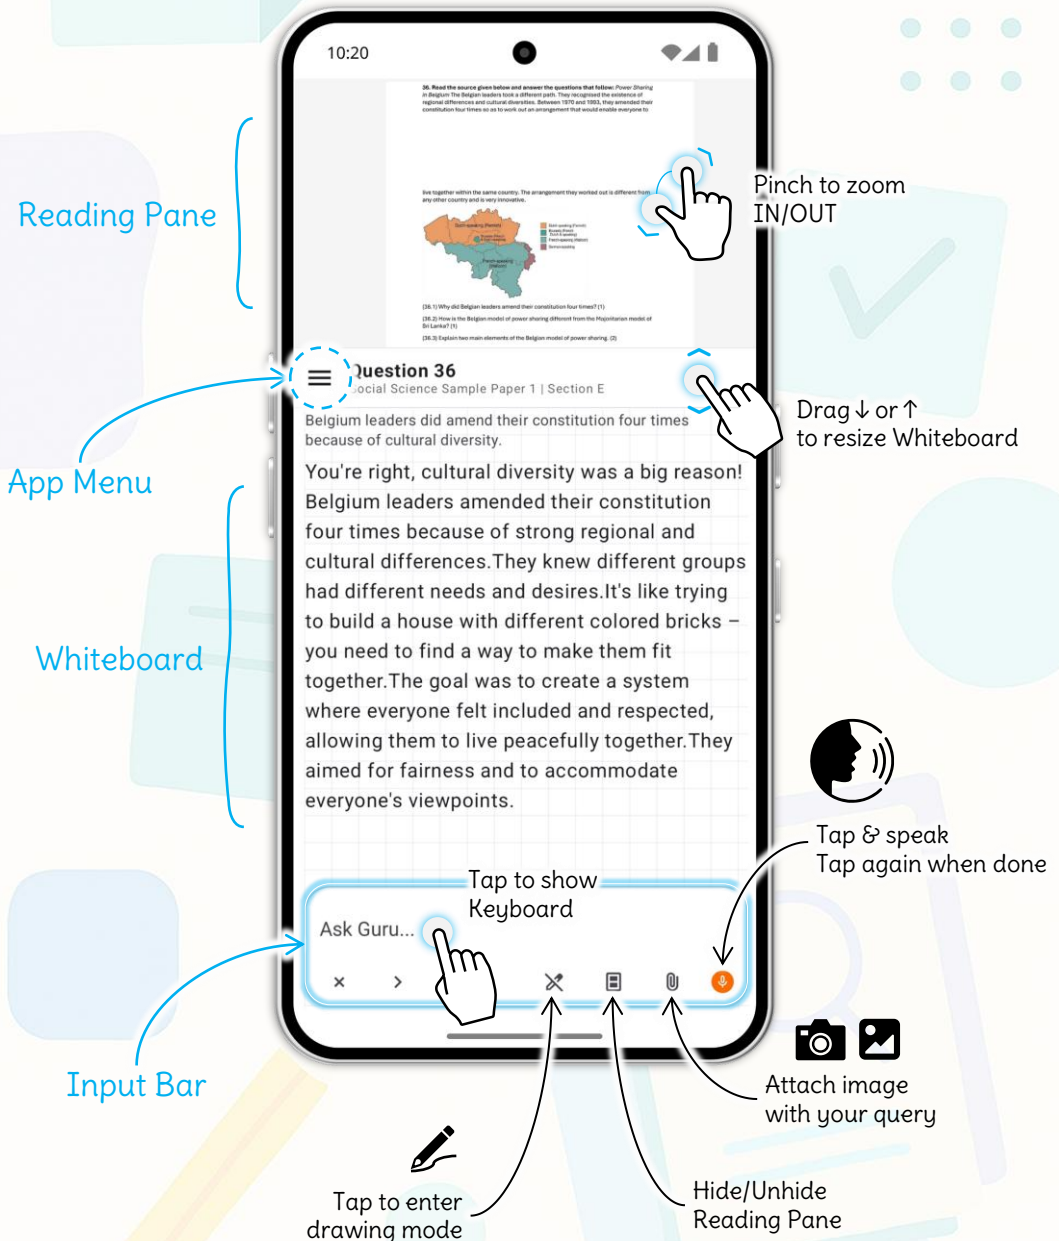

I know this. It was due to
cultural diversity.

4.
Taps the Mic *again* when she's done

Guru You're right, cultural
diversity was a big reason ...

and the study session continues ...

Guru features - At a glance

Use Mic for

Tips

Glossary

Reading Pane

Top half of the split screen where you can view reading materials like course PDFs, YouTube videos, Images, etc.

Course

Curated study material on a subject/topic. For e.g. Books, Sample Papers, etc.

Whiteboard

Bottom half of the split screen with notetaking capabilities that you share with Guru

Input Bar

Tools that you need to interact with Guru, namely, the Mic, Photo picker, text input, Drawing Pen (annotate).

Q: Is my private data safe?

A: **Yes.** Your name, email, phone, and payment info are secured using industry standards. Guru does NOT send your study interactions to the server. Refer [Privacy Policy](https://sindriai.com/privacy-policy) (sindriai.com/privacy-policy)

Q: My course isn't listed on the store.

A: We're adding new courses regularly. Share your course details via the feedback form (sindriai.com/contactus) — we'll work on curating it.

Q: Is this app free?

A: Yes. Guru is free to use while in early development.
